W Boston Feb 24. 1877

My Dear Sir,

I was very much gratified by the receipt of your note of the 20th inst. to learn, that the illustrated work on the Botany of China, which Mr Parkman was so good as to present the library of the Herbarium of the University in my name, is so much appreciated by you.

I believe I shall be able to furnish you with an English translation of the title; and I may look forward to the pleasure, on my return from Washington early next month, of
Professor Asa Gray paying
Harvard University

paying you a visit, and saying, that
if on my return to Ghena, I can
be of service to you, I will very
gladly remain

Very truly

Your Obedt^t Servant
